V⁺ VET EXPERT

PRODUCT CATALOGUE

GUARANTEE OF SUPER NATURAL NUTRITION

NUTRITION INSPIRED BY THE PRIMAL NEEDS OF ANIMALS

RAW PALEO is the highest quality nutrition inspired by the primal needs of dogs and cats, simultaneously tailored to the specific needs of animals in the modern world. It is a diet that combines specialized knowledge in veterinary and dietetics with the nature of animals. Based on a simple and super-natural composition, it is the safest choice at every stage of a pet's life.

FOOD CREATED BY EXPERTS

The formulation of RAW PALEO food is developed by the best specialists in the country in the field of dog and cat nutrition, scientists, and veterinarians. They are part of our team, which means that every day they work on improving our products.

ADVANCED MANUFACTURING TECHNOLOGY

Raw Paleo pet foods are produced using the most advanced technology in the field of animal nutrition – the innovative Thermal Twin system. This system allows for incorporating the largest amount of fresh meat into the kibble, making it the highest on the market, while preserving all the nutritional components

CAREFULLY SELECTED RECPIE

- Simple and high-quality ingredients
- Lot of fresh meat
- No unnecessary fillers
- Short list of ingredients
- Quality of the ingredients instead of quantity

That's what Raw Paleo® foods stand for.

DRY FOOD

RAW PALEO HEALTHY GRAIN

WHY SHOULD YOU CHOOSE HEALTHY GRAIN?

- High content of dried meat, thanks to which the food is extremely tasty and provides the right amount of protein in the dog's diet
- A daily dose of healthy energy, released throughout the day, thanks to the use of two different carbohydrates (barley and sweet potatoes)
- The addition of glucosamine and chondroitin to support joints and the musculoskeletal system
- Prebiotics (MOS and FOS) support the digestive tract
- Superfood supplement (cranberry, marigold, green tea)
- Simple composition, no unnecessary additives
- Easily digestible recipe

LONG LASTING ENERGY

The use of two types of carbohydrates in the form of barley and sweet potatoes:

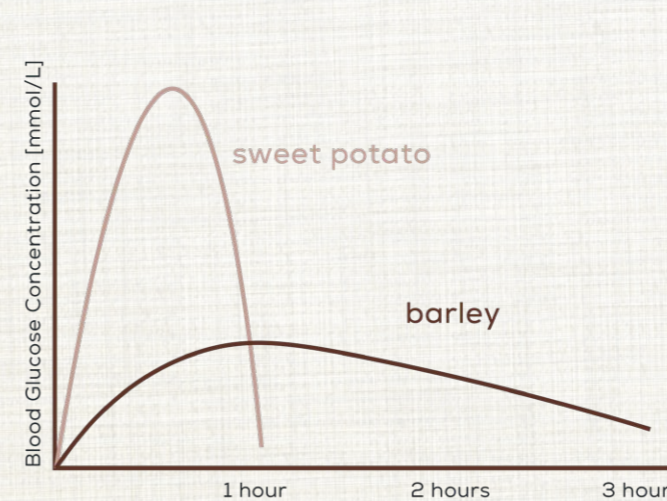

Barley - has a low glycemic index, which allows you to use the energy released gradually (**LONG ENERGY LASTING**).

Sweet potatoes - provide easily digestible energy, which the dog's body uses immediately after a meal.

Such a distribution of energy from food is perfect for the complete use of the protein contained in meat for the building needs of the body.

RESULT: The maintenance of appropriate muscle mass while maintaining the optimal condition of the dog.

WHAT IS THE GLYCEMIC INDEX?

- The glycemic index is an indicator of blood glucose levels.
- High glycemic index indicates that the concentration of glucose increases significantly immediately after a meal.
- A low one - that it is released gradually (LONG LASTING ENERGY)

In RAW PALEO HEALTHY GRAIN we use two different sources of carbohydrates with a different glycemic index (barley and sweet potatoes). This allows you to provide your dog with fast energy for immediate use right after a meal as well as energy that is released gradually for later action.

RAW PALEO HEALTHY GRAIN

Name	RAW PALEO HEALTHY GRAIN PUPPY SALMON	RAW PALEO HEALTHY GRAIN ADULT SALMON
Indications	Complete and balanced dry food for growing dogs from weaning to 12 months of age.	Complete and balanced dry food for adult dogs based on high-quality dried salmon meat, enriched with easily digestible fish meal.
Key features	<p>BARLEY – has a low glycemic index, which allows to use the energy released gradually.</p> <p>SWEET POTATOES – provide easily digestible energy, which the dog's body uses immediately after a meal.</p> <p>GLUCOSAMINE and CHONDROITIN SULFATE – the proper functioning of the joints.</p> <p>CRANBERRY – supports the proper functioning of immune system.</p> <p>FOS & MOS – support the digestive tract.</p>	<p>BARLEY – has a low glycemic index, which allows to use the energy released gradually.</p> <p>SWEET POTATOES – provide easily digestible energy, which the dog's body uses immediately after a meal.</p> <p>GLUCOSAMINE and CHONDROITIN SULFATE – the proper functioning of the joints.</p> <p>GREEN TEA – ensure the antioxidant effect.</p> <p>FOS & MOS – support the digestive tract.</p>
Composition	Dehydrated salmon meat (35%), barley (20%), fish meal (12%), sweet potato (11%), poultry fat (10%), potato protein (4%), sugar beet pulp (4%), salmon oil (1,37%), linseed, glucosamine (500 mg/kg), brewer's yeast, mannanoligosaccharides (MOS – 500 mg/kg), chondroitin sulphate (200 mg/kg), fructooligosaccharides (FOS – 200 mg/kg), Mojave yucca, dried cranberries (0,02%)	Dehydrated salmon meat (35%), barley (22%), sweet potato (19%), poultry fat (12%), fish meal (4%), sugar beet pulp (4%), linseed, monocalcium phosphate, glucosamine (500 mg/kg), brewer's yeast, mannanoligosaccharides (MOS – 500 mg /kg), chondroitin sulphate (200 mg/kg), fructooligosaccharides (FOS – 200 mg/kg), Mojave yucca, green tea (0,02%).
Analytical constituents	Crude protein – 29%, crude fat – 17%, crude ash – 7,5%, crude fibre – 3,2%, moisture – 9%, calcium – 1,3%, phosphorus – 1,0%, potassium – 0,6%, sodium – 0,5%, omega-3 fatty acids – 0,42%, omega-6 fatty acids – 2,15%. Metabolizable Energy: 4311 kcal/kg. RAW PALEO®

VET EXPERT

RAW PALEO FOR CATS

RAW PALEO is a nutrition tailored to the needs of a modern cat, distinguished by the lack of unnecessary fillers and a short list of ingredients of the highest quality. High meat and offal content, the addition of taurine, and exceptional palatability constitute the supernatural nutrition for cats.

● Dry food for KITTENS

Every 100 g of the RAW PALEO Kitten contains 93 g turkey and chicken. With the needs of a growing cat in mind, the recipe has been enriched with an Omega-3 supplement, which supports the proper development of the brain and eyes.

● Dry food for ADULT CATS

Complete and balanced food for adult cats from the age of one. We have created also a unique composition especially for cats after sterilisation- low fat content and the addition of L-carnitine help to maintain the optimal body weight of the cat after sterilization procedure.

● Wet food for KITTENS

Raw Paleo for kittens is complete food enriched with calcium, suitable for growing kittens up to 1 year of age.

● Wet food for ADULT CATS

We have prepared different tastes for wet Raw Paleo food, keeping in mind cats' tastes.

DRY & WET FOOD
